The safety & security of our guest is a top priority for the Renaissance Hotel. We go above and beyond to ensure the hotel and its surrounding environment is a clean, safe and vibrant. Each day proactive measures are taken by our on site Loss Prevention team to patrol the hotel grounds and to check for signs of potential safety problems. Not only do Renaissance Atlanta Downtown rely on the support of Atlanta's Police Department, we are also apart of Midtowns "Elite Law Enforcement Team"- Midtown Blue.

The Midtown Improvement District (MID) is a public improvement district created to offer enhanced safety, maintenance, and capital improvement in Midtown Atlanta. With over three million dollars in annual revenues, the MID focuses on the following priorities:

- **Midtown Blue:** Midtown's 24-hour public safety program was designed in conjunction with the Atlanta Police Department to address street crimes.
- **Midtown Green:** Midtown's environmental maintenance program provides litter control, graffiti removal, and light maintenance to keep Midtown streets clean and inviting.
- **Streetscape enhancements:** These projects provide new sidewalks, improved lighting, trees, and buried utility lines, when possible, along Midtown's major streets.
- **Transit Initiatives:** Transit options such as shuttles and ride-sharing programs are administered by Midtown Transportation Solutions (MTS).
- **Traffic Improvements:** These projects focus on ingress and egress issues, congestion relief, and traffic-calming measures.

Please visit the Midtown Alliance website for additional information at: www.midtownalliance.org

ATLANTA AMBASSADORS www.atlantadowntown.com/Ambassador.asp

Who We Are & Where We Are

Created by Central Atlanta Progress in 1996 for the Olympic Games, the Ambassador Force of Downtown Atlanta is a full-time private hospitality and public safety force that patrols a 200-block area from North Avenue, south to Martin Luther King, Jr. Drive, and from the Georgia World Congress Center to the Downtown Connector.

Downtown. Ambassadors patrol the sidewalks looking for people who need assistance — giving directions, medical assistance, and contact with the Atlanta Police Department via direct radio contact. The Ambassadors assist with emergency response for building evacuations and fire drills, assisting with crowd control, information and communication, and to provide a security presence.

The Ambassadors are up-to-date on events happening in Downtown whether it's musical or sporting, and they can tell you what large conventions are here also so you can plan your way around the extra traffic.
